unsettled days.
wild nights.
feminine clouds.
chest beating men with body hair.
young girls moving into fertility.
young men moving into erections.
the courts cannot settle the issue of consent and imperatives.
it is the wildest of the wild things within us.
what is more hopeless than trying to stop the secret in the secret dance.
taboos.
prohibition lectures.
civil threats.
excommunications.
what is the philosophy of monkeys after they have fallen out of the tree.
what is the sound of broken feathers floating down from heaven.

unsettled days.
