

as they leave their homes to go to church i stay at my home  
and there are some who are concerned

about my fellowship.

i go into the kitchen where it is warm with coffee smells  
and fresh bread.

i cut a mango and tomorrow i will plant the seed  
in the yard of my neighbor.

i do not pass the plate...

i clean it in the sink.

purification and offering without stepping outside.

fellowship.
