

if the seventh day is all about  
rest for an exhausted god  
laying down the creation tools  
to recover and revel in the power of his spirit

then it should be clear why there is an eighth day  
and why it was made for me.

i knew the surveillance equipment was off  
so i had a go at the seventh day sins  
and needed the eighth  
for my rest and sleeping in with the devil.

the eighth day.
